## Fit Fur Life Treadmills - Great addition to your dog

One of the newest trends among **pet** owners is purchasing treadmills to exercise their pets. Check out the **Fit Fur Life** treadmills for **dogs** that offer a complete muscle enhancing, toning and fitness regime that not only improves the overall health and vitality of a dog, but also increases life span and prevents obesity. The Fit Fur Life **treadmills** are manufactured to the highest standard and combine the latest, innovative technology and top quality workmanship, to create the best **dog treadmill** in the world.

The **treadmill** gives your **dog** a real workout, allows you to control the terrain, and eliminates distractions. They are offering four different models - **£599 Small Fit Fur Life Treadmill** for smaller breeds including American Cocker and Tibetan Terrier, **£900 Medium Fit Fur Life Treadmill** for mid sized domestic dogs including Border Collie, Labradors, Retrievers, and Australian Sheppards, **£1300 Superior Fit Fur Life Treadmill** for larger breeds, particularly Dobermans and Rotweilers, and the **£1695 Professional Fit Fur Life Treadmill** for the larger breeds including St Bernands, Great Danes and Greyhounds. Pricing excludes VAT charges. All the models except the Professional **Fit Fur Life Treadmill** can be easily folded and stored inside home or garage. These **dog** treadmills come with motorized incline and Monitor 3 window display chrome finish. A well-exercised dog is, in general, a well-behaved dog. I am planning to get one for my Terrier.
