Calling all puzzle fans!

Bumps is an exciting new game for your PC or laptop, where you must use gravity to solve mind-boggling puzzles.

Counties Today are giving away 5 copies of Bump, for a chance to win send your name and details to: competitions @counties-today.co.uk

Buffalo JustStore Desktop Hard Drive 500 GB

Store, back-up, or easily transport all file types including huge multimedia files too large to fit on a USB key, with the Buffalo JustStore Desktop. An innovative, fan-less design and power-saving mode make this Buffalo JustStore Desktop a dependable, economical and silent solution. Auto installation, easy operation and auto power on/off, you can quickly store, access, and transfer files, digital images, documents, and back-ups. Just plug it in to a PC or Mac and it works!

Available from play.com!

Local Warwickshire couple Patti and David Bailey proved that new businesses can thrive during the recession by slaying the Dragon's in the closing episode of Dragons' Den last Wednesday night with their innovative product, Motormouse.

jog

is a great little gadget for the Wii. Basically, it's a pedometer that you hook up with your Wii and it then intercepts the signal between the console and the game. It retails for £24.99

Norton 360

Norton 360 Version 3 is a light, fast and complete all-in-one antivirus solution. It was just released this year and is already winning awards. It's a no hassle product which automatically protects your PC, online activities and your identity 24/7. It protects you against viruses, spyware, worms, phishing, hackers and all the other online nasties.

Norton 360 is available from most software retailers!
