

BLOOMBERG TV FEATURES 90 NORTH AS PART OF THEIR NEW 'FAITH IN FINANCE' SERIES

An indepth look at Islam and capitalism from Wednesday, 17 October

90 North is delighted to announce its participation in an episode of a ground breaking series on Islamic Finance, which will be aired on Bloomberg Television on Wednesday 31 October.

The series takes an in-depth look at the £1.3 trillion Islamic Finance industry in its new six-part series 'Faith in Finance.' At a time where conventional banking makes headlines for scandals and big bonuses, Islamic Finance is growing 20 percent per annum, attracting the support of many non-Muslims. Faith in Finance analyses Shari'ah-compliant financing through case studies and interviews the key players and decision makers within the industry and 90 North is pleased to be considered among those key players.

Shot on location in Kuala Lumpur, Abu Dhabi, Dubai, Riyadh and London, the series analyses the various financial centres which have successfully adapted to Shari'ah economic principles.
